

About Optional English Preparatory Classes

Students wishing to enroll in the optional English Preparatory class for one year must complete the “Optional English Preparatory Class Application Form”—available in the Forms section of the School of Foreign Languages website—and submit it to the School of Foreign Languages Secretariat by 16:00 on September 21, 2026.

English Preparatory Class Placement Test

It is crucial that students registered for the optional English Preparatory class take the Placement Test, which determines the level at which they will begin their language training.

The Placement Test will be held on September 24, 2026, at 13:30 in the Engineering Faculty C-4 laboratories. Students are required to bring headphones to the exam.

An orientation session will be held on September 25, 2026, at 14:00 at the Faculty of Arts and Sciences for students who will be attending mandatory and optional preparatory classes during the 2026-2027 academic year.
